 PREMIUM COURSE: $1,000+/Month Smart Hustle Blueprint

Welcome to the premium version of our hustle course – this is NOT just a bunch of apps. This is a smart, layered system that lets you earn fast and build long-term daily income streams. Every method here is designed to stack on top of the other like a money ladder.

 SECTION 1: The $1,000+ / Month Replication Formula

This course isn’t about theory – it’s about replication. You will be given a structure so you can do EXACTLY what’s working without being a genius.

Step 1: Pick Your Core Offer

You need one cheap premium course or high-converting product (like this one you're reading now).

You can:

Sell it on Gumroad, Selar, or Payhip

Price it between $3 - $15 (cheap enough to sell fast, valuable enough to earn)

If you don’t want to create your own course, just resell this one with your own affiliate or store page.

Step 2: Smart Video Funnel

Repost already-viral motivational TikToks with a clear CTA (Call to Action).

Post Ideas:

“I made $1,000 from my phone doing this □”

“Copy this side hustle in Nigeria/US □□□□”

“Broke to $1k/month with AI + this course”

Use Canva to add your CTA:

> “Type ‘ME’ below – I’ll DM you the free version + full method”

Then in the DM:

Send the free course

Then pitch the premium with:

> “The real strategy that made $1k+ isn’t in the free one. This version has all the smart tricks. It’s just [$X] and comes with bonuses too.”

□ Even if they don’t buy, you still make money if they use your earning apps below.

□ SECTION 2: Smart Glitch Income Tricks (No Shorteners)
O
Here’s how to earn even without making a single sale.

1. Repocket + Pawns Combo

Use both apps together. They run in the background.

Set them up on your phone + old Android devices.

Teach others how to use them and earn through your links.

 Add these links to:

Your free course

Your WhatsApp broadcast

Inside your PDF (as normal hyperlinks, NOT shortened)

Your Repocket link: https://link.repocket.com/BkNH
Your Pawns link: https://discoverpawns.eu/11918201

 Every download earns you recurring passive income.

2. Gumroad Glitch Strategy

Here’s the powerful twist:

Every person who buys your premium course is a future affiliate.

They resell it, you offer 70–80% commission, but you keep 20–30% + they bring in traffic for free.

You get traffic, brand, and passive income at once.

 Use Gumroad’s affiliate system to make this automatic.

---

3. Bonus Distribution Loop

Create 1 Google Doc with your offer pitch + your links.

Anyone who wants to earn or learn just needs the doc.

They pass it on, your traffic multiplies.

⚠ Do not spam. Use WhatsApp groups, Facebook DMs, and Reddit smartly.
